

MEDICAL DEVICES & DIAGNOSTICS SECTOR COMMITTEE (“MDDSC”) MEMBERSHIP APPLICATION PACKET

Message from the MDDSC Chairman

We would like to thank you for your interest in joining the Medical Devices and Diagnostics Sector Committee (“MDDSC”) of the European Chamber of Commerce in Vietnam (“Eurocham”).

We are happy that you share the same vision of enabling timely access to sustainable, innovative and high quality healthcare for all citizens of Vietnam.

We appreciate that you are willing therefore to contribute actively to our mission to engage with governments, regulators, payers, healthcare providers and others to advocate good practices, promote high industry standards and help developing policies which will shape the future of healthcare in Vietnam.

Our group operates under the management of an Executive Board with 6 members and has a number of Working Groups all working towards achieving the above.

Our members represent already a large part of our industry of medical devices and diagnostics. Your membership and the active engagement of your Company representatives will certainly greatly help to represent even more comprehensively the diversity of our industry, bring valuable content to the activities of the various working groups, add to the voices of existing members and enhance the impact of the group.

We look forward to receiving your application and thank you for your interest in joining MDDSC!

Warm regards,

Torben Minko
Chairman, MDDSC

Please note that in order for a company to be eligible for membership in MDDSC, a company must meet the following two criteria:

1. Be a foreign company, i.e., one in which non—Vietnamese persons or entities own a majority of the company's shares [Note: If the applicant has a parent company, the parent company must also be a foreign company]
2. Either
 - a. Have a worldwide consolidated Medical Devices and Diagnostics revenue of more than USD 100 Millions yearly; or
 - b. Be a Vietnam—licensed enterprise, wholly owned by foreign investors (a “Wholly Foreign Owned Enterprise” or “WFOE”) with an approved license to work with Medical Devices and Diagnostics products in Vietnam and representing at least one international Medical Devices and Diagnostics company meeting the requirements of (a) above.

“Medical Devices and Diagnostics products” shall follow the definition of World Health Organization as below :

“ ‘Medical device’ means any instrument, apparatus, implement, machine, appliance, implant, reagent for in vitro use, software, material or other similar or related article, intended by the manufacturer to be used, alone or in combination, for human beings, for one or more of the specific medical purpose(s) of:

- diagnosis, prevention, monitoring, treatment or alleviation of disease,
- diagnosis, monitoring, treatment, alleviation of or compensation for an injury,
